# HERE FOR YOU

## FINANCIAL ASSISTANCE

The Y is a nonprofit association offering opportunities for personal growth and service to others. To support our assisted members, we ask people to complete a confidential application. The Y strives to serve all segments of the community. Within our available resources, every effort will be made to accommodate all who wish to participate in Y programs and services. No one will be denied access to any Y program or service solely on the inability to pay.

### Who is eligible for Kettle Moraine YMCA financial assistance?

Everyone is eligible!

### How is the financial assistance amount determined?

We offer a sliding fee scale based on the annual gross household income and the number of dependents whether applying for single or family membership.

### Is it possible to join the Y for free?

The Y believes a strong sense of ownership and pride is developed if the assistance recipient has contributed to the cost of their Y involvement. Therefore, applicants will be asked to pay a portion of the fee.

### Will I be treated differently? Will other members know that I am on financial assistance?

Only you and the membership representative will have access to your application. We track assistance data, but only in terms of numbers and statistics, not names.

### Can I do anything in return for this assistance?

Yes you can! The Y is a volunteer based organization. Visit with Human Resources for more information on getting involved.

### Is assistance available for all programs?

Yes, assistance is available for both programs and membership.

### What is the Y definition of family?

The Y's definition of family is legally married husband and wife with dependent children 18 and under, or 24 and under if full-time college student and living in the same household.

The Y's definition of a single parent family is any situation when one parent (married or single) is using a membership with dependent children.
